

## Extended Evening Visitor Hours for July Retirement

Annually we receive the highest number of retirement applications for members who want to retire effective July 1. During the final week for filing a July application, we are offering extended visitor hours to assist members with the retirement essentials.

During the extended hours, we will provide the following services:

- One-on-one retirement counseling sessions
- Member Self-Service Portal (MSS) account registration and navigation
- Paper application completion and submission

If you would like a counseling session, you must schedule an appointment. If you would like assistance with MSS or submitting a paper application, you do not need an appointment, but you should RSVP. ***To schedule an appointment or RSVP, contact a Call Center representative at (501) 682-7800 in Pulaski County or (800) 682-7377 statewide.***

During the extended evening hours, parking is available on Louisiana and Main streets and at a Best Park lot behind Union Plaza.
