

State Tax Withholding Form
Instructions

Pursuant to Act 27 of 1989, only the first \$6,000 received in employer-sponsored pension plan payments is exempt from Arkansas state tax. Please complete and return this form with your Federal Withholding Form (W-4P).

APERS can withhold and remit your tax withholding each month to the Department of Finance & Administration. Please indicate your preference on the withholding certificate below.

NOTE: Explanations of Options 2 & 3 below are as follows:

Option 2 Withholding will be computed using a table that excludes \$6,000 from the amount you receive from APERS. If this option is selected, please check "Married" or "Single" and indicate the number of dependents.

Option 3 Withholding will be a fixed amount that you determine.
